Nathan – Thanks, and yes, narrowing the scope of this request does not place any restrictions on what information you can ask for in future requests.

Richard,

Ok to remove this information from the scope of the request. As we discussed, SGC may seek this information later under a separate FOIA request, if needed.

Thanks,

Nathan

Nathan – The information EPA’s contractors claim as CBI is information that includes an hourly rate attached to a name or title or any summary information that will allow a rate to be calculated, i.e., labor cost/hours worked.

I have attached two documents that illustrate what the contractor is claiming as CBI, with the CBI material redacted.

After you have a chance to review, let me know what you want to do in regards to the claimed CBI records.

Thanks
